
Check underway into death of orphanage inmate in Irkutsk Region

The Irkutsk Region Office of the Investigative Committee has started a check in death of a children's home inmate in Irkutsk.

According to preliminary information, the 16-year-old boy had serious congenital diseases, and the day before was treated in an infectious diseases hospital in Irkutsk and was discharged.

The investigators are now working to find out all the circumstances surrounding the incident. A procedural decision will be made following the check.
