

«Forensics Wonders»: advanced forensic equipment for tangled cases

The Investigative Committee of Russia continues [a series of programmes «Forensics Wonders»](#) in which investigators and forensic experts unlock secrets of detection of evidence during investigation of probes.

Today forensic experts of the Investigative Committee of Russia have the most advanced equipment enabling them to solve the most complex crimes, including those of part years, and to retrieve human remains hidden deep in the ground. Watch the next series to see what the phrase «dig down to truth» literally means for officers of the Main Forensics Directorate (Forensics Centre) of the Investigative Committee of Russia.
