
Alexander Bastrykin requested a report on circumstances of an incident in one of Moscow hospitals

Chairman of the Investigative Committee of Russia Alexander Bastrykin requested a report on an incident reported by one of Telegram channels.

Thus, a video that appeared on the Internet shows that alleged nurses of Inozemtsev's hospital are abusing a senior patient by shouting and hitting.

The Moscow Main Investigations Directorate of the Investigative Committee of the Russian Federation is examining the reported matter.

The Chairman of the IC of Russia requested a full report on first results of inspection activities which will result in procedural decision. He also requested to thoroughly examine the situation, carefully question the hospital patients including the woman allegedly victimized by actions of

medical staff, and to take legal measures in case this information is confirmed.
