

Chairman of the Investigative Committee of Russia instructed to report on the conduct of investigations into violations of rights of citizens in Kemerovo and the Republic of North Ossetia-Alania

Chairman of the Investigative Committee instructed the direction of the Kemerovo Regional Investigative Department of the Investigative Committee of Russia to report on the verification activities on the violation of rights of a wheelchair user. In addition, the head of the Committee demanded a report from the head of the Investigative Committee of the Republic of North Ossetia-Alania on the progress and interim results of the check on the poisoning of children in one of the republican sanatoriums.

The Kemerovo Regional Investigative Department of the Investigative Committee of Russia is carrying out an assessment on the fact of violation of the rights of a wheelchair user, forced to live in the room that is not adapted for the needs of a person with disabilities. At present the issue of equipping the house where the pensioner lives with a ramp is being resolved.

Also, the Investigative Committee of Russia for the Republic of North Ossetia-Alania continues preliminary investigation into poisoning of children in a sanatorium in Alagirsky district. Six children aged 9 to 11 were hospitalized, their condition is evaluated by doctors as moderate.

The Chairman of the Investigative Committee instructed to establish all circumstances that led to the violation of people's rights and give them a comprehensive legal assessment. Upon instruction of the head of the Investigative Committee Alexander Bastrykin, the progress and results of the pre-investigative assessments were placed under supervision of the Central Office of the Committee.
