

## **Congratulations from the officers of the regional departments of the Investigative Committee of Russia on the International Day of Older Persons**

Every year on October 1, officers of the regional investigative departments of the Investigative Committee of Russia congratulate elderly people on the International Day of the Elderly.

On this wonderful autumn day, we want to pay attention to those who gave us a bright future, those who are left without relatives and live in social institutions - they, like no one else, need care and emotional communication.

This day is another reason to address with words of gratitude to the elderly, veterans of the Great Patriotic War, labor veterans who made a great contribution to the development of our country and provided an opportunity to live in peace.
