
The Chairman of the Investigative Committee of Russia requests a report on death of a child in Zabaikalsky Territory

The Chairman of the Investigative Committee instructed the head of the Investigative Department of the Investigative Committee of Russia for the Zabaikalsky Territory Rusanov Y.S. to report on the progress of the regional investigative body's investigation into the death of a child after surgery in one of the private medical centers in Chita.

It was reported in the media that after a three-hour surgery at one clinic the boy fell into a coma and was taken to the hospital, but died.

Investigators will clarify all the circumstances of the incident and appoint the necessary forensic examinations. Parents of the injured child, the management and staff of the medical center have already been interviewed and medical documents have been withdrawn and are being studied. The progress and results of the inquiry are under supervision of the Central Office of the agency.
