
The Chairman of the IC of Russia Instructs the Main Investigative Department to Initiate a Criminal Case on the Fact of a Vehicle Explosion in Donetsk

According to media reports, a vehicle belonging to the head of the DPR people's militia had exploded and caught fire tonight in the city of Donetsk, a few dozens of meters from the DPR government building.

In connection with the ongoing work of the Investigative Committee of the Russian Federation aimed at identifying persons involved in actions endangering the life and health of the population of Donbass in order to violate the peaceful coexistence of states and peoples, Alexander Ivanovich Bastrykin instructed the Main Investigative Department of the Investigative Committee to initiate a criminal case on the fact of the destruction of the vehicle in Donetsk in order to record evidence of the crimes.
