
A Criminal Case Has Been Initiated on the Fact of Shelling of the Territory of Belgorod Oblast by the Military Personnel of the Armed Forces of Ukraine

The Investigative Committee of the Russian Federation continues to record facts of shelling of Russian territories bordering Ukraine.

According to the investigation, on February 24, 2022, during the day, as a result of direct hits of projectiles on the settlements of Belgorodsky Raion and Rovensky Raion of Belgorod Oblast, two Russian citizens and one child born in 2015 were injured, one residential building was destroyed, eight houses and one car were damaged.

A criminal case has been initiated on the fact of attempted murder of two or more persons, committed in a socially dangerous way (Part 3 of Article 30, paragraphs “a”, “f”, Part 2 of Article 105 of the Criminal Code of the Russian Federation).

All the circumstances of the crime committed and the persons involved in it are being established.

24 February 2022
