
Chairman of the IC of Russia Instructs to Document and Investigate All Instances of Shooting at Civilian Infrastructure and Civilians by Retreating Units of Armed Forces of Ukraine

Chairman of the Investigative Committee of the Russian Federation Alexander Ivanovich Bastrykin instructed to document and investigate all the instances of shooting at civilian infrastructure and civilians by the Armed Forces of Ukraine during the retreat.

According to a number of media reports, retreating units of the Armed Forces of Ukraine destroy civilian infrastructure and shoot at civilians.

A. I. Bastrykin instructed the investigators of the Central Office to initiate criminal cases on all such incidents and investigate them.
