
Chairman of the IC of Russia Instructs to Investigate Calls of Head of Ukrainian Border Service to Kill Russian Servicemen's Relatives

Chairman of the Investigative Committee of the Russian Federation Alexander Ivanovich Bastrykin instructed to evaluate the statements of Head of the Ukrainian Border Service Sergey Deineko from the legal standpoint.

S. Deineko published a post on the social network Facebook, in which he called for a massacre of the wives, children and parents of Russian servicemen.

In accordance with the current legislation, the Main Investigative Department of the Investigative Committee of Russia was instructed to carry out all required measures and, if the decision is justified, to initiate a criminal case immediately.

Sergey Deineko's actions have once again confirmed that Ukrainian nationalism is only getting stronger. Such statements confirm that for 8 years, the civilian population of Donbass was brutally destroyed with Ukrainian authorities' connivance.
