## **Chairman of the IC of Russia Instructs to Urgently Report on Investigation of Explosions in Belgorod Oblast**

The Chairman of the Investigative Committee instructed to investigate explosions in Belgorod Oblast.

According to the available information, on the night of March 23-24, several explosions resulting from a shell launched from the direction of Ukraine were registered in the border village of Zhuravlyovka, Belgorod Oblast. The number of destroyed or damaged residential and non-residential buildings is being clarified.

A. I. Bastrykin instructed to submit an urgent report on the incident and to closely monitor the investigation progress.
