
Chairman of the IC of Russia Instructs to Document and Investigate Shelling of Apartment Building in Donetsk by Ukrainian Troops

The Chairman of the Investigative Committee of the Russian Federation instructed the Main Investigative Department of the IC of Russia to document and investigate the circumstances of the shelling of Donetsk by the armed forces of Ukraine, as a result of which a shell hit an apartment building.

According to the headquarters of the territorial defense of the Donetsk People's Republic, one person was killed and four were injured when the upper floors of a residential building collapsed in Donetsk after the city was shelled by Ukrainian troops. 29 people were evacuated, including two children.

A. I. Bastykin instructed the MID of the IC of Russia to take measures to identify all the persons involved in the incident and to evaluate their illegal activities from a legal standpoint.
