## **Chairman of the IC of Russia Instructs Officials to Investigate the Circumstances of an Airstrike on the Territory of Belgorod**

Alexander Ivanovich Bastrykin, the Chairman of the Investigative Committee of the Russian Federation, has instructed the investigators of the Central Office to investigate the circumstances of an airstrike by Ukrainian militants in Belgorod and identify those responsible.

According to reports, Ukrainian helicopters launched a missile attack on a civilian oil storage facility located on the outskirts of Belgorod, causing a fire.

The head of the IC has instructed investigators to identify persons involved in the airstrike, including pilots and their commanders.
