**The Chairman of The Investigative Committee of Russia instructs to examine the information about the murder of the captives by the Ukrainian nationalists, voiced by the mercenary from Denmark.**

The Chairman of the IC of Russia instructed to the Central Office to rely upon information about the murder of the Russian captured people by the Ukraine nationalists.

According to available information, a citizen of Denmark, participating in war-zone on the side of Ukraine as a mercenary, reported in the media that he witnessed the murder of Russian war-prisoners by the Ukrainian military.

The investigation will take steps to establish the identity of a foreign citizen who participated in military actions as a mercenary in Ukraine, and also will verify the specified information about the murder of Russian captured soldiers. When confirmed, this information will be taken into account during the further investigation of the criminal case on the facts set forth.
