
The criminal case is launched for the shelling of the settlement in Bryanskaya oblast by the Ukrainian military servicemen.

The Main Investigative Directorate of the Investigative Committee of the Russian Federation launches a criminal case for the shelling of Klimovo settlement in Klimovskiy rayon of Bryansk oblast by the Ukrainian military servicemen.

The investigation found that the persons from the military of the Armed Forces of Ukraine entered into a criminal conspiracy in order to influence the decision on the termination of a special military operation by the authorities of the Russian Federation.

On April 14, 2022, the military personnel illegally invaded the airspace of the Russian Federation and used two combat helicopters equipped with the severe offensive arms. Moving at a low height, they produced at least 6 air strikes on residential buildings in the Klimovo village of the Klimovskiy rayon of the Bryansk oblast.

As a result of direct hits and explosions of shells, at least six residential buildings on the Zarechnaya Street and Lenin Street were damaged, seven people were injured of varying severity, including one young child born in 2020.

The investigation establishes all the circumstances of what happened for their further prosecution.
