## **The Investigative Committee investigates the new crimes committed by the armed formations of Ukraine members**

The Investigators of the Investigative Committee of Russia will document and investigate new criminal actions of the Kiev regime against civilians of the Donetsk and Lugansk People's Republics.

Thus, according to the DPR's representative office to the Control and Coordination Joint Center, on May 31, 2022, the Chervonogvardeisky rayon of Makeevka, the DPR was shelled by the armed forces of Ukraine. As a result, one child died. One woman also became a victim of the attack by the Armed Forces of Ukraine in Makeevka.

As a result of the Ukrainian militants shelling occurred in the Panteleimonovka urban-type settlement located in the DPR, two teenagers were injured of varying severity. The injured were taken to the Gorlovka hospital.

According to the Ministry of Internal Affairs of the LPR, on May 31, 2022, a fire has broken out in a nursing home, after the Ukrainian armed forces shelled the Stakhanov city, there were wounded and dead.

---

Investigators of the Russian Investigative Committee will identify the circumstances of mentioned crimes committed by the Kyiv regime. Those who involved will be prosecuted.
