
A criminal case is launched on the explosion happened on the territory of the headquarters of the Black Sea Fleet in the Republic of Crimea

The Main Military Investigative Directorate of the Investigative Committee of The Russian Federation launched a criminal investigation under the crime prescribed in Part 3 Article 30 and paragraphs «a», «f» 105 of the Criminal Code of the Russian Federation (attempted murder of two or more persons, committed in a socially-dangerous way).

Previously as it has become known, on July/31/2022 around 6 a.m. the UAV (Unmanned Aerial Vehicle) exploded on the territory of the headquarters of the Black Sea Fleet, it was fitted with damage agents. As a result of the explosion, 6 people were injured and were immediately hospitalized, meanwhile the following destructions occurred: the wall and the facade of the headquarters building were partially damaged, including multiple breaks of the windows.

Currently, all the circumstances of the crime are being identified, a complex of investigative actions is being carried out, and a forensic medical examination has been appointed.

Investigation continues.
