## **The Chairman of the Investigative Committee of Russia will be reported on the criminal investigation into the death of a child in Irkutskaya oblast**

According to investigators, the child's mother did not provide him with proper medical care and she did not provide the child with food for a long time, as a result of which the child was urgently taken to the hospital, but soon he died there.

According to the investigation, for a long time the Officials, officers and employees of bodies engaged in the institutions of the prevention of neglect and juvenile delinquency improperly performed their duties, which resulted in the failure of taking the response measures to identify the fact that a young boy born in 2010 was in a socially dangerous position.

Investigative Directorate of the Investigative Committee of Russia for Irkutskaya oblast, launched two criminal cases against a 34-year-old woman suspected of committing crimes prescribed in paragraph "c" of Part 2, Article 105 of the Criminal Code of the Russian Federation (murder of a juvenile in helpless condition) and Article 156 of the Criminal Code of the Russian Federation (failure of child-rearing responsibilities).
