
The Chairman of the Investigative Committee of Russia instructs to report on the of verification activities for the treatment of seriously ill patients in the Kabardino-Balkarian Republic

A video message was posted on social networks from residents of the Kabardino-Balkarian Republic, who are undergoing treatment at the Republican Oncological Dispensary. They complain about the lack of opportunity to receive original medicines, since the use of cheaper analogues entails a negative trend. The investigating authorities of the Investigative Directorate of the Investigative Committee of Russia for the Kabardino-Balkarian Republic are conducting a pre-investigation inspection.

The Chairman of the IC of Russia instructed Mr. Kokov I.V., acting Head of the Investigation Directorate of the Investigative Committee of the Russian Federation for the Kabardino-Balkarian Republic, to report on the situation. The progress of the inspection is a subject of control in the Main Investigative Directorate.
