
Forensic experts of the Main Investigative Directorate of the Investigative Committee of Russia are sent to the scene of an accident in Yaroslavl oblast

On August 30, 2022, a traffic accident occurred in the Vorobino settlement, Yaroslavl raion, at 14 km of the R-132 Golden Ring highway, Yaroslavl raion, it was previously detected, that the 49-year-old driver of the "Mercedes Actros" fuel-tanker lost control of the car and collided with "Fiat" ambulance, then rolled over and the transported fuel caught fire.

On this fact, the investigating authorities of the Investigative Committee of the Russian Federation for Yaroslavl oblast launched a criminal case in accordance with Part 3, Article 238 of the Criminal Code of the Russian Federation (the provision of services that do not meet the requirements for the safety of life and health of consumers, resulting in the death of two or more persons through negligence).

As it follows from the criminal case files, the driver of a fuel tanker, and the employees of the Yaroslavl Central District Hospital, a 66-year-old man and women aged 36 and 60, died, as a result of a fire.

Currently, Officers of the Main Directorate of Forensic Center of the Investigative Committee of Russia and the regional investigative directorate are working on the scene, a number of forensic examinations have been appointed, the eyewitnesses of the incident have been interrogated, and other investigative actions are being carried out aimed at identifying all the circumstances of the incident.
