Investigators of the Russian Investigative Committee have to unravel the consequences of such dramas. In their practice - the exposure of marriage swindlers, who did not disdain anything to achieve their goal - to take possession of the property of the other half. But the investigators, for their part, are also clearly achieving their goal - to force the criminal to get a well-deserved punishment. Although, sometimes it is very difficult for them to work, where love is involved.

How marriage scammers pick up their victims, what psychological tricks they use, about how investigators collect evidence against those who profit from gullibility and feelings, you will watch on Saturday on the Russia 24 TV channel at 17.05 (Moscow time).

Another movie dedicated to the work of investigators of the Investigative Committee will tell about sects and banned associations.

And you will see the investigation of a resonant criminal case in Omsk about the activities of Vozrozhdeniye (the Renaissance) XXI sect and many other stories, in the center of which are the tragic fates of people. The investigation of such cases is of great difficulty, mainly due to the unwillingness of the victims to testify against their tormentors. After all, banned pseudo-religious associations use hypnosis, psychological violence and other schemes of influence.
