
The Main Directorate of the Investigative Committee of Russia will be provided with a report on the evidence base collected in the criminal investigation of a crime against a child in Tatarstan

The Chairman of the Investigative Committee instructed Mr. Lipsky V.A., Head of the Investigative Directorate of the ICR for the Republic of Tatarstan, to submit a report on the evidence collected during the investigation and the detected circumstances of the violation of the rights of a child, who suffered from the actions of his own mother.

In one of the social networks, the illegal behavior of a woman was discussed against her disabled son. The woman has many children, and she is from the Kamskoye Ustye village, the Republic of Tatarstan. Also, the social media file says that the woman's other children continue to live with her, despite her conviction in accordance with the Article on the torture of her son.

For the commission of a crime prescribed in Article 117 of the Criminal Code of the Russian Federation, the woman was sentenced to 3 years of imprisonment on probation. Currently, the injured disabled child lives and studies in a special institution for children with disabilities in the Kazan city. Within the investigation, the Investigators verified the information about the commission of unlawful acts against two more children of hers, but it was not confirmed, and therefore the juveniles continue to live in the family.
