
The Chairman of the Investigative Committee of Russia instructs to conduct an inspection into the violation of the rights of a wheelchair User

Information is posted on social networks about a teenager with a disability from the village of Yazykovo, Blagovarsky rayon of Bashkortostan, who is forced to experience constant inconvenience due to the lack of a ramp and the necessary improvement of the entrance group to the entrance of residential building, where he lives. The parents of the juvenile appealed to the local Administration, but the necessary measures are not being taken.

The Chairman of the IC of Russia instructed Mr. Masallimov I.G., Acting Head of the Investigative Directorate of the Investigative Committee of Russia for the Republic of Bashkortostan, to organize a procedural inspection on the violation of the rights of a juvenile wheelchair User.
