
The Head of the Department instructed to report on the grounds for procedural decisions onto abuse of power during the construction of a school in the Khanty-Mansiysk Autonomous Okrug - Ugra

A video message was published on the social network about possible violations in the process of Contractor selection for the construction of school in Khanty-Mansiysk Autonomous Okrug-Yugra. It is reported that a school for 1125 students was to be built in the Nizhnevartovsk city, however, construction has not commenced yet. It is also noted that previously the Court considered the bankruptcy case of this Company.

Mr. A.I. Bastrykin, Chairman of the Investigative Committee of Russia, instructed Mr. M.V. Mokshin, Head of the Investigative Directorate of the Russian Investigative Committee for Khanty-Mansiysk Autonomous Okrug - Yugra, to report on the grounds for making certain procedural decisions.
