## **The Chairman of the Russian Investigative Committee instructs to report on the situation with the poisoning of five people in Bashkortostan**

The media reported that a family of five in Bashkortostan was hospitalized with signs of carbon monoxide poisoning. Three children were among the victims. One child is in critical condition. The Investigating Authorities of the Investigative Committee of Russia for the Republic of Bashkortostan are conducting an inspection on this.

The Chairman of the IC of Russia instructed Mr. I.G. Masallimov, Acting Head of the Investigative Directorate of the Investigative Committee of Russia for the Republic of Bashkortostan, to report on the progress of inspection and the detected circumstances.
