## **The Chairman of the Russian Investigative Committee meets Military Personnel, undergoing treatment at the Main Military Clinical Hospital named after N.N. Burdenko**

Mr. Alexander Ivanovich Bastrykin, Chairman of the Investigative Committee of the Russian Federation, visited the Main Military Clinical Hospital named after Academician N.N. Burdenko of the Ministry of Defense of the Russian Federation. The event was attended by: Russian Hero of Russia Sergey Vasilyevich Petrov, Head of the Directorate for educational work of the IC; Mrs. Maria Dmitrievna Krasnopeeva, Head of the Cultural Center of the Russian Investigative Committee; hospital representatives.

Development of the Main Military Clinical Hospital named after Academician N.N. Burdenko is inextricably linked with the history of our country and its Armed Forces. This is the first state medical and medical educational institution, from where the history of the hospital and military hospital care of our state originates. Today, the military hospital is a powerful multidisciplinary

institution, which engages 22 professors, 312 doctors and candidates of medical sciences.

Now the servicemen of the Russian Armed Forces are undergoing treatment within its walls, all of them took part in a Special Military Operation. Mr. Alexander Ivanovich Bastrykin talked to the soldiers and awarded them with Departmental Medals "Valour and Courage". He wished the servicemen a speedy recovery, noted the importance of their feat for the defense of the Motherland and its interests, and he expressed his confidence in Russia's swift victory over the criminal Kiev regime. The Head of the Department also asked the servicemen about what kind of assistance they need.

Mr. A.I. Bastrykin thanked the management and doctors of the hospital, who provide qualified medical care to patients. They were awarded Departmental Medals "For High Citizenship". The Head of the Russian Investigative Committee congratulated everyone on the upcoming New Year, noting the heroism of doctors, because they are always among the first to be at the place where their professional help is needed during armed conflicts. In a conversation with doctors, Mr. A.I. Bastrykin also spoke about the work of investigators of the Russian Investigative Committee in the zone of a Special Military Operation to investigate the crimes of the Nazis. At the end of the meeting, students of the Departmental Moscow Academy of the Russian Investigative Committee, in cooperation with the Cultural Center, prepared a concert program for patients and staff. They sang patriotic songs and read poems for the audience, and thus thanked the courageous soldiers and officers of the Russian army for their heroism and dedication once again.
