
The Main Directorate of the Investigative Committee of Russia will be reported on the circumstances of the poisoning of a family, including three children, in Saratov Oblast

The Investigating Authorities of the Investigative Committee of Russia for Saratov Oblast are conducting a pre-investigative inspection on the hospitalization in a medical institution of five people, including three juveniles, with signs of carbon monoxide poisoning. According to preliminary data, on December 18, 2022, at 09:20 p.m., residents of an apartment located in the Tulaikovo village, Ershov Raion, felt unwell. Three children aged 16, 9 and 7, along with their mother and grandmother, were admitted to a medical facility with suspected carbon monoxide poisoning.

The Chairman of the Investigative Committee of Russia instructed Mr. Govorunov A.Yu., Head of the Investigative Directorate for Saratov Oblast, to submit a progress report on the verification activities and the circumstances detected to date.
