## **Check launched into aviation accident in Stavropol territory**

Military Investigative Department of the Russian Investigative Committee for Budenny garrison launched a pre-investigative check into accident with the Su-25 plane.

It has been preliminary established that Su-25 nose landing gear cracked while landing and the jet went out of the runway. The pilot was not hurt and managed to get out of the pit. Nobody was hurt and there were no damage to the on-land facilities. The amount of the damage inflicted is being determined.

A procedural decision will be made following the results of the check.
