## **In the Moscow region pre-investigation checks are being carried out on the fact of a hard landing of a light aircraft**

Today, about 17 hours and 30 minutes in the village Didinevo of the Lukhovitsky district of the Moscow region the aircraft Yak-18T with 4 people on board made a hard landing. As a result, all the passengers sustained bodily injuries of varying severity and were hospitalized in the nearest medical facilities.

Over this fact the investigating authorities of the Moscow Interregional Investigation Department of the Investigative Committee of the Russian Federation on the transport carry out pre-investigation check. In order to perform the necessary examination activities to establish all the circumstances of the incident the Operational-Investigations Group departed to the site.

According to the results of investigation activities a procedural decision will be made.
