
On eve of International Children's Day officials of Tomsk Region Investigations Directorate visit special (remedial) school

The officials of the Tomsk Region Investigations Directorate of the Russia's Investigative Committee together with the students of Tomsk Polytechnic School have visited special (remedial) school No 39 of VIII type in the city of Tomsk. The investigations Directorate and the facility have been friends for a long time.

Deputy Head of the Investigations Directorate Andrey Borisovich Gusev congratulated the children and their parents on the end of school year and the coming International Children's Day. The students of the Polytechnic School made a show for the children.

As a good tradition goes, at the end of the celebration the investigators gave the children presents.
