## **In Tyumen Region criminal investigation opened in negligence of district administration officials under investigation in death of four children in fire**

The Tyumen Region investigating bodies of the Russia's Investigative Committee have launched a criminal investigation in a crime under part 3 of article 293 of the RF Penal Code (negligence entailing death of two or more people).

According to investigators, in 2012, the suspect's family was put in a list of problem families by the juvenile commission of Yarkovo District, Tyumen Region due to the fact that the mother was a drinker and in the same period of time was stricken off the list without any solid reasons. Later on the said officials did not oversee the family which entailed serious consequences when 4 children aged between 2 months and 5 years were killed in a fire.
